Moodle mobile app is available for Android and iOS. You can access any resources and activities from your Melbourne Polytechnic courses through this app. This app gives you the flexibility to access resources when you are offline, notifications of deadlines, forums and messages

1. To install the Moodle App on your Android or Apple device click on the link to your mobile app store below or search for “Moodle” in the Google Play or App Store.

2. Once you have successfully downloaded and installed Moodle App. Launch the app.

3. Type in online.melbournepolytechnic.edu.au as shown in the image on the right in the URL and press CONNECT!

4. Next, a text box will appear and press on OK to proceed.
5. The Melbourne Polytechnic login page will load up in your device browser. Type in your credentials (your username and password) here and click ‘Sign in’.

6. Once you have successfully login, the Moodle App will load your Dashboard as shown on the right. You can click on any of the icons at the bottom of the screen and it will load the relevant information.

   The navigation functions are -
   - Dashboard
   - Calendar
   - Messages
   - Notifications
   - More

7. When you click on button, the screen will be change and it will display grades, files, website, help, App settings and Change site.
